Indian Hills Community College

Kevin Throckmorton | Kevin.Throckmorton@indianhills.edu
Professor, Computer Software Development

July 13, 2022

To whom it may concern:

I am writing this reference at the request of Mr. Cody Henderson. I recently taught Cody in the Introduction to Database Concepts course. His grades, attendance, and class participation were excellent, and he was a pleasure to have in class.

Cody has a number of strengths that would be an asset to any employer. In addition to being technically sound, he is outgoing and always willing to help other students in class. He picks up difficult topics quickly, is a leader in class, and has a great sense of humor.

In conclusion, I would highly recommend Cody Henderson for an entry-level software development position. He will bring a strong technical background and a positive can-do attitude to work every day. Feel free to contact me by email, or call my office phone at 641-683-5111, extension 1752.

Sincerely,

Kevin Throckmorton
